AD1 TABLE – CLASSIC MEETING TABLE IN MULTIPLE SHAPES AND SIZES

The AD1 table range consists of a number of tables in different shapes, sizes and heights, making it perfect for project design.

The classic and elegant base gives the table a lightness with its simple shapes. The laminate tabletop makes the table a useful option, whether in the canteen or a meeting room.

Match the AD1 table with the AD1 bench, which has the same classic base as the table and has a seat of either laminate or oak. The bench provides extra seating when used in contexts such as a canteen or common room, where a more informal look is desired.
